Vue Js

State management

Redux

Context API
with hooks

VUEX

Backend

Node Js

Mongo DB
with atlas

Other Frameworks & libs

Python, NextJS, React Native,
HapiJS, FastAPI, Django

Achievements

My achievement majorly lies with the products I have been able to build in a short span of time. I am majorly a self-taught developer. My approach has always been to enhance my skill sets in sync with the latest technologies and ensure the same is reflected in the products as well.

Education

Bachelors in Engineering (Mechanical), VTU- 2014. 6.51 CGPA
